

Riot

S.O.A.

There's a war on the street, watcha gonna do
There's no choice, they've turned on you
Destroy the city, smash it all to bits
They won't stop, they don't give a shit

[Chorus:]

Sticks and stones- Riot
Break your bones- Riot
Stores in Flames- Riot
You're the Blame- Riot

You're gonna die, you and your friends
You made it start, they made it end

[Chorus]
