

BOY

DUCKWRTH

I'm just a Boy
Sleepin' in a
Sleepin' in a
Sleepin' in a
A bed of roses And she's just a girl
Swimmin' in a
Swimmin' in a
Swimmin' in a
A dirty ocean See I picked a flower
And I walked on water
I love you so much
I even met your father
And you ran through meadows
And you shaved your head
And you laid your body
Upon my rose-bed
See springtime is coming
And soon we will blossom
And bouquets look best
Only when they are watered
Let's meet between the gender
Now wouldn't that be awesome I'm just a Boy
Sleepin' in a
Sleepin' in a
Sleepin' in a
A bed of roses And she's just a girl
Swimmin' in a
Swimmin' in a
Swimmin' in a
A dirty ocean
See I picked a flower
And I walked on water
I love you so much
I even met your father
And you ran through meadows
And you shaved your head
And you laid your body
Upon my rose-bed See springtime is coming
And soon we will blossom
And bouquets look best
Only when they are watered
Let's meet between the gender

Now wouldn't that be awesome
See I'm a boy, boy, boy
(ooh)
And you're a girl, girl, girl
(ooh)
See you're a boy, boy, boy
(ooh)
And I'm a girl, girl, girl
(ooh)
WAIT
Let's be quiet for a second
I wanna hear that beat
Your heart is bumpin' girl your essence
Is something like the pinkest sky
Grab them puffy clouds and cover them
Purple rain is that insane
I bet you seen that coming like a million miles away (that's real)
I wear my beanie in the winter just like marvin gaye
And if the sky is gray (gray)
I know you find a way (that's real)
To bring the sun out
'Cos yellow brings the fun out
And summer brings the buns out
And now we back to fall
The place that we begin
I was sleeping in the roses in the meadows where you call
You said that you were looking for a boy to be your all (and what)
And that is what you found (OK)
Now welcome to the blossom street
The place that we get down (get down)
And speaking of profound
Your shaved head is round (that's real)
I wonder if you knew that's my favorite type (type)
Sleepin' up under the stars is where we lay tonight
I'm just a Boy
(Haven't you ever seen a boy like me)
Sleepin' in a
Sleepin' in a
Sleepin' in a
A bed of roses
And she's just a girl
(I been lookin for you)
Swimmin' in a
Swimmin' in a
Swimmin' in a
A dirty ocean
(I been lookin for you too)
See you brought me seeds
Planted my fill
Cos they never seen a boy
Plant flowers on a hill
But you would never judge
And therefore you are real

You got grass
Let it up, blow the windmill See springtime is coming
And soon we will blossom
And bouquets look best
Only when they are watered
Let's meet between the gender
Now wouldn't that be awesome See I'm a boy, boy, boy
Boy (no matter what they say)
And you're a girl, girl, girl
Girl (do it anyway)
See you're a boy, boy, boy
Boy (no matter what you say)
And I'm a girl, girl, girl
Girl (I do it anyway)
See I'm a boy, boy, boy
(no matter what they say)
And You're a girl, girl, girl
(I do it anyway)
See you're a boy, boy, boy
(no matter what they say)
And I'm a girl, girl, girl
(I do it anyway)
