

Lost In Space

S.O.A.

up in smoke
i laugh in your face
fucked on drugs
lost in space
see your friends
they laugh at you
but don't get made
cause their drugged to
spend your time on the floor
go throw up, come back for more

eat those pills, take those thrills
who's gonna wind up dead - you
snort that coke, what a joke
who's gonna wind up dead - you
