

Bury Me With My Beliefs

Jasta

[Intro]

When the grim promise must be fulfilled
I'll look back with no regrets in sight
My time will have pass, but not my dreams
Because when that day comes I'll be at peace
Bury me with my beliefs

[Verse 1]

They can bury my hands
But not the efforts or the triumphs that I strived to achieve
They can bury my shoulders
And the weight of the countless burdens I've carried

[Chorus]

When that days comes
I'll be at peace
Don't weep for me
Bury me with my beliefs

[Verse 2]

They can bury my heart, but not the love I bled
Or the moments I've shared through the pain
They can bury my eyes
But not the visions that I followed into victory

[Chorus]

When that days comes
My life will cease
Don't weep for me
Bury me with my beliefs

[Refrain]

Bury me with my beliefs
Bury me with my beliefs
When that day comes my life will cease
Bury me with my beliefs

[Bridge]

Let the message be clear
When all is said and done

Carry on with no pain inside
My body may be gone
But my words will live on
So take this to heart
Don't drown in grief
Know I cherish my beliefs

[Hook]

Bury my weakness (but not my strength)
Bury my anguish (but not my faith)
Bury my envy (but not my trust)
Bury my failures (but not my resolve)

[Chorus]

When that days comes
I'll be at peace
Don't weep for me
Bury me with my beliefs
When that days comes
My life will cease
Don't weep for me
Bury me with my beliefs

[Refrain]

Bury me with my beliefs
Bury me with my beliefs
When that day comes my life will cease
Bury me with my beliefs
Bury me with my beliefs
Bury me with my beliefs
When that day comes my life will cease
Bury me with my beliefs
