

One love

Kaysha

[Verse 1]

When i get older
Iâ€™ll jump up to the sky and talk to the stars about you
When i get deeper
Iâ€™ll dive to the bottom of the seas and get these pearls for you

Baby

[Chorus]

Cause i got one love
And i can love u for the rest of my life

[Verse 2]

When get stronger
Iâ€™ll walk up to my ex tell her that iâ€™m history
Sooner or later
Iâ€™ll put a ring on your finger
And love you forever and after
And shower you with my love
Cause u my destiny, my ebony
My ivory, on my piano keys
The reason why, Iâ€™ll travel through, the seven seas, cause u are
My love...

[Chorus]

Cause i got one love
And i can love u for the rest of my life (2x)

[Verse 3]

When i get wiser
Iâ€™ll take a resolution
And make my revolution, oh yeah
When i get lighter
Iâ€™ll take my love with me
And dwell in paradise
And wait for you forever
And i can love you for the rest of my life

[Chorus]

Cause i got one love, yeah
I got one love one love (one love, one love)
And i can love you for the rest of my

Life
And i can love you for the rest of my life
Baby and i can love you for the rest of my
Life
Yuwee
Cause i got one love, for you
