

Don't Beg

JAHKOY

[Verse 1]

You say you wanna talk
We probably shouldn't
You did your best
To change my mind
But couldn't
But I tried and I tried
And I tried and I tried
To let it go
It was hard to pretend
That the one that I love
Didn't do me wrong

[Chorus]

Don't Beg for love
The truth will set you free
I won't
Beg for love
I'll be fine

[Verse 2]

You couldn't spend the night alone
Said "Come over, you'll feel right at home"
Then you switch it on me
You play me like a xylophone
While I sat there waiting by the phone
Still I tried and I tried
And I tried and I tried
To let it go
It was hard to pretend
That the one that I love
Didn't do me wrong

[Chorus]

Don't Beg for love
The truth has set me free
I won't
Beg for love
I'll be fine

[Bridge]

Some honesty for your ass girl
Some honesty for that ass
It's time for you to make a move
I been tryna keep my cool
After all the shit you put me through
All the shit you put me through..

[Chorus]

Don't Beg for love
The truth will set you free
I won't
Beg for love
I'll be fine
