Spend they money, ain't all and still ain't get it
Buyin' bitches is all but still she ain't wit' it
So don? t be mad when she callin' me dad
'Rollin' around in the Jag wit the thirty day tag
Some shit you paid for, worked and slaved for
Ever since you met the trick I made moreChedda then ever before
You 'bout to walk down the ile and I met her on tour
I ain't never had a thousand Dollar sweater before
See ya stupid ass went and got in the bed with the whore

So why Loon had to make moves like TiFoon's
Pull a couple a strings botta boom botta bing, it's on now

My man was soft, I think its better to run
Than to hit him in the head wit the gun, I'ma veteran son
