

# Walk on by (Sound Remedy Remix)

## Noosa

Run when the rhythm's right  
Go into the night  
Go until you're out of sight  
And you're out of my mind

Run when the rhythm's right  
Go into the night  
Floating as the river flows  
Easy as it goes to the ocean

So walk on by  
I've got no reason to love you  
But I do, I do, I do

So walk on by  
I've got no reason to love you  
But I do, I do, I do

You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
Promise me but you never try  
Secrets in your eyes  
You go and run, I'll hide  
You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
I don't ever wanna be crowned just another prize  
It breaks my heart

Heart  
Breaks my heart

You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
Promise me but you never try  
Secrets in your eyes  
You go and run, I'll hide  
You're showing me colors of the sky

But all I see gray  
You lost me when you lied  
I don't ever wanna be crowned just another prize  
It breaks my heart

My heart

Lost in the midnight blue shadows of the moon  
Here with open arms for you, feeling something so new  
Said with me you'd reach the sun  
Oh but we were so young  
Love me 'till the summer's done  
But keep me in your heart so I hold on

So walk on by  
I've got no reason to love you  
But I do, I do, I do

So walk on by  
I've got no reason to love you  
But I do, I do, I do

You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
Promise me but you never try  
Secrets in your eyes  
You go and run, I'll hide  
You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
I don't ever wanna be crowned just another prize  
It breaks my heart

(Colors of the sky)

Heart  
Breaks my heart

You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
Promise me but you never try  
Secrets in your eyes  
You go and run, I'll hide  
You're showing me colors of the sky  
But all I see gray  
You lost me when you lied  
I don't ever wanna be crowned just another prize

It breaks my heart

My heart

Shook me to the ground now and some how  
I feel like you don't know me  
Shook me to the ground now I don't even know how  
Brought me to a life that you never showed me  
Coming from a locked up ghost of yourself  
But you're coming from the light  
There's more to you then you ever thought there was  
Yeah you're coming from the light
