

Before It's Too Late

Alien Vampires

No relaying
No complains
In this time
You are laying
Now those things are fake into my world
U can go away
Before its too late
U can believe it or not
Can decide it or not
But u stay in this hell
No escape no refrain
Its too late

Before its too late you can run away
Or u gonna stay

Before its too late
No time to regret
No time to forget

Before its too late
