

# Hiding

## Breakestra

I've been hiding from your eyes  
And staying out of reach  
Trying not to let my heart  
Keep reminding me  
What I wished I'd shown you girl  
When you were close enough to me  
If I dont get another chance at least I have my peace  
I've been hiding yeah (repeat) heeey hey  
Ive been hiding from your words and keeping my head clear  
Trying not to let my heart oh  
Drown under the fear  
I've been hiding yeah (repeat 3x)  
But I ain't gonna hide no more - oh yeah(repeat 3x) noooo  
If you can see - Oooh yeah  
I've been hiding underneath these eyes  
And I'm hoping you won't see  
What a fool looks like pretending  
That his love is not a dream  
Its waiting to be woken up or finally put to sleep  
I can't live in this world between  
What I wonder what I need  
I've been hiding (repeat 3x)  
But I ain't gonna hide no more - ohh (repeat)  
No mmmmmm  
Ain't gonna hide no more yeah  
If you can see then you can feel  
Just maybe then yeah you'll see what I mean  
But I ain't gonna hide no more (repeat)  
Yeah
