

# Over and Over

## Apparat

No joy and not much changed  
I'm still here same old way

How long? Where to?  
What for? What truth?

And it's strange you can tell  
Always leave, never dwell  
Running, restless ache  
Must believe for heaven's sake

Don't know where to go  
Hung by a thread I'm misled  
How long? Where to?  
What for? What truth?

Don't know where to go  
Hung by a thread I'm misled  
How long? Where to?  
What for? What truth?

Over and over again  
Questionin' wish to come?

Over and over again  
Questionin' wish to come?

And over and over again  
Wish to come?

How long? Where to?  
What for? What truth?  
Over and over again  
Wish to come?
