

Spiral (feat. Wynne)

AUGUST 08

[Intro: AUGUST 08]

Three strikes, game

I never do it again

I never do it again

I never do it again [Verse 1: AUGUST 08]

Oh I spiral

Spiral out of control sometimes

Lose my balance, madness I can't keep hope alive

Shit is tragic, sadness 'cause you're not by my side [Chorus: AUGUST 08]

I'm so damaged, damaged so I spiral

Out of control

Out of control

Out of control

Out of control

[Verse 2: AUGUST 08]

Toxic convos argue 'bout things we can't let go

Silence, violence, go out, I can't be home no more

Tenants, wish you were here 'cause no one gets my jokes [Chorus: AUGUST 08]

I'm so damaged, damaged so I spiral

Out of control

Out of control

Out of control

Out of control [Verse 3: WYNNE]

Sometimes I feel like I can't be myself at best

And the silence fills me with trucks and alcohol

All these other thinking and I can't see straight no more

[Chorus: WYNNE]

I'm so damaged, damaged so I spiral

Out of control

Out of control

Out of control

Out of control [Bridge: AUGUST 08 & WYNNE]

Say I'm from next until she

Never had a heart to give, she

Always run away from problems

She could never leave this fucked up town

It's hard to breathe when you're asleep and I know the dark road

Civilized, civilized, civilized (oh) [Chorus: AUGUST 08 & WYNNE]

So I spiral out of control

Out of control

So I spiral out of control

Out of control
