

# Tic Tac

## Slimy

The sky is black and we are in summer  
Outside we feel like in Alaska  
And I lose my brain in a hole when I turn on the tv and the radio  
Life is like a roller coaster, but the mechanism is kinda older  
I'm not a mechanic that's sure  
But all I know is that my ass is in work

I wanna dance over the world  
Dancing in the air is maybe more fun  
I wanna dance over the world  
Well, life is maybe better, go dancing

My feet are in the same state of grace  
I can take part in Dirty Dancing  
Well, I'm a really bad dancer  
But I can dance on earth without a licence  
"Thanks God"

Ok so this is so boring there so I don't know I just wanna dance  
Over the world so do you wanna dance
