

Make It Nasty

Tyga

Make it nasty, make it nasty
Drop, drop it on the bench make it nasty
Make it nasty, make it nasty
Pop, pop it on the bitch make it nasty Ah, yeah bitch make it nasty
Tongue on the throat while the other bitch gaggin'
Bottles in the basket pills in the plastic
She gonna do drugs but we don't do acid
Fuckin' on the mattress, hear the bed spring
Ain't nothin' better, it's the best thing
Got a China bitch, straight from Beijing
Pussy so tight all she do is scream
Oh, bend it over make it touch your toe
I like how she make it go around around the pole
Hoes, ah, open close I like when my bitches don't wear no clothes
Is hot up in this muthafucka' we, we, we low
Gangstas in this muthafucka we got this ho
T, T, T-Raw when I walk in the door
Bitches they know, yeah bitches they know, ah
Make it nasty, make it nasty
Drop, drop it on the bench make it nasty
Make it nasty, make it nasty
Pop, pop it on the bitch make it nasty Make it nasty, make it nasty
Drop, drop it on the bench make it nasty
Make it nasty, make it nasty
Pop, pop it on the bitch make it nasty Ah, yeah nigga I'm a star
Stack some black you can use the black car
Pull up, hop out, vallet the car
'bout to go big got bitches galore
Tippin' on this bitch, just drop it to the floor
I like blowjobs she could be my employee (back it up)
And I put it in her back door now it's lights out (lights out) like Roy (Roy)
Jones, Jr., T-Raw the ruler, slicker than a gold patch gold chain cubic
Poke til it's bruising' dick on punta gimme gimme chocha get it like OJ, ah
Make it nasty, make it nasty
Drop, drop it on the bench make it nasty
Make it nasty, make it nasty
Pop, pop it on the bitch make it nasty Make it nasty, make it nasty

Make it nasty, make it nasty
Pop, pop it on the bitch make it nasty Tap, tap, tap that ass make it nasty

Clap, clap, clap that ass make it nasty
