

# Let It Fly

## Dribble2much

[Pre-Hook]

Why do you got ya hands down (hands down)  
You know I might pull up on you (time to let it fly)  
That hezi got em jumping All around (all around)  
They don't know when I'm gone shoot

[Hook]

Time to let it fly (swish), time to let it fly  
Time to let it fly (swish), time to let it fly  
Time to let it fly (swish), time to let it fly  
Time to let it fly (let it fly), time to let it fly up

[Verse 1]

You give me the space & I'm pulling up on ya from deep (that's deep)  
This really easy yea can do this in my sleep (it's nothing)  
I make it splash like I'm one of the brothers  
My jumper wet as a puddle (splash)  
Give the ball at the end of the buzzer  
I win it like nothing (game)  
I'm bout to get in my bag boy (get in it)  
Give them what ever they ask for  
I let em fly like I'm checking they passport (get it)  
And it's not hitting the back bored  
I make it splash like jumping in bath water (splash)  
Pull up like I'm in the drive through  
Pull up again like I gotta bad order (yeah)  
I might just shoot this from half court (court)  
You know I been in the lab boy (yeah)  
Better do something to stop me soon  
They better guard me, soon as I come out the locker room

[Hook]

Time to let it fly (swish), time to let it fly  
Time to let it fly (swish), time to let it fly  
Time to let it fly (swish), time to let it fly  
Time to let it fly (let it fly), time to let it fly up

[Pre-Hook]

Why do you got ya hands down (hands down)  
You know I might pull up on you (time to let it fly)

That hezi got em jumping All around (all around)  
They don't know when I'm gone shoot (Yeah)

[Verse 2]

They better guard me when I get the in-bound (best of luck)  
You know it's a bucket if you got your hands down (bang bang)  
I grind every summer so it's going in now (that's right)  
None of my jumpers is touching the rim (wet)  
I pop the net, they be stopping the game  
I try to pop it again, again  
I don't get tired I be letting it fly  
I shoot the same from beginning to end (swish)  
No one can stop me look no one can stop I promise you no one can stop me (there's no one can  
stop me)  
I let it fly with a hand in my face when it go in I don't even watch it (did that go in)  
You try to play up that's when it's a layup  
Look all this jelly I'm dropping  
Stop all the talking I'm going for 30  
You better tell em to guard  
They gotta be honest look they can't do nothing about it (yeah)  
I put it up in the air (look) it's hitting nothing but bottom (ha ha)

[Hook]

Time to let it fly (swish), time to let it fly  
Time to let it fly (swish), time to let it fly  
Time to let it fly (swish), time to let it fly  
Time to let it fly (let it fly), time to let it fly up

[Pre-Hook]

Why do you got ya hands down (hands down)  
You know I might pull up on you (time to let it fly)  
That hezi got em jumping All around (all around)  
They don't know when I'm gone shoot (Yeah)
