

Deep in the Night

Snails & Pegboard Nerds

[Verse]

Deep in the night, wearing disguise
No eyes can see her, hunter in the dark
Find you, no matter where you should go
Eyes of a murderer, killer in the night
Deep in the night, wearing disguise
No eyes can see her, hunter in the dark
Find you, no matter where you should go
Eyes of a murderer, killer in the night
Killer in the night (better watch out)
Killer in the night (better watch out)

[Verse]

Deep in the night, wearing disguise
No eyes can see her, hunter in the dark
Find you, no matter where you should go
Eyes of a murderer, killer in the night
Killer in the night (better watch out)
Killer in the night (better watch out)
