

Free to Go (Radio Edit)

Alex Sayz

Allow me to refresh you and your memory
You're the one who started everything
One day you hold me, then another you want out
I can't keep up with your many swings
I am one step ahead of your mind games
You push me away, and throw me back in
So typical, there's nothing much original
I've seen it before
I know how you think

[Chorus] x2

You are free to go
No one's holding you down
No one's holding you down

You are free to go
No one's holding you down
No one's holding you down
You are free [repeat]

[Instrumental break]

[Chorus] x2

You are free to go
No one's holding you down
No one's holding you down

You are free to go
No one's holding you down
No one's holding you down

[Instrumental break]

You never had my heart
You didn't know
You never had my heart
You didn't know

[Chorus] x2

You are free to go

No one's holding you down
No one's holding you down

You are free to go
No one's holding you down
No one's holding you down

You are free [repeat]

[Chorus] x2
You are free to go
No one's holding you down
No one's holding you down

You are free to go
No one's holding you down
No one's holding you down
