Swim

AUGUST 08

[Chorus]
Oh shit, never knew that I break (I could break)
Never knew that I could make it to the mountaintop
Throw my hands and grab a little heaven
Oh shit, made so many bad mistakes
Dived into the deepest lake to find the lowest point
Just to swim back up again (Swim, swim, swim)

[Verse 1]
Even if I fall don't give up on me
Happiness always felt luxury
But don't rain on my parade just march with me
To the beat of our drum, we'll dance beautifully

[Chorus]
Oh shit, never knew that I break (I could break)
Never knew that I could make it to the mountaintop
Throw my hands and grab a little heaven
Oh shit, made so many bad mistakes
Dived into the deepest lake to find the lowest point
Just to swim back up again (Swim, swim, swim)

[Verse 2]
Whenever I call, pick up for me
Don't be afraid to show the world you fuck with me (Yeah)
Sometimes I feel alone but luckily
You accepted all my flaws without judging me
(And that's cool, that's cool, that's cool, yeah)

[Chorus]
Oh shit, never knew that I break (I could break)
Never knew that I could make it to the mountaintop
Throw my hands and grab a little heaven
Oh shit, made so many bad mistakes
Dived into the deepest lake to find the lowest point

Just to swim back up again (Swim, swim, swim)
