

# Afraid

Nelly Furtado

What they say  
What they say  
What they say [Repeat] You speak out all you feel is defiance  
All you need is some self-reliance  
Cause this world is gonna always try us And all you wanted was to run for cover  
Well here's looking to yourself and no other  
We're all searching for that special something  
And we keep on running We all have the choice to take the lead or follow  
I want to feel the light shine on me  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
But that's okay you'll soon get strong enough  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
You're going to break  
So please don't do it You wanna spread your wings but you're not sure  
Don't wanna leave your comforts  
Wanna find a cure  
We're afraid of who we see in the mirror  
We wanna let go but it feels too pure  
Who wants to be alone in this world  
You look around and all you see is hurt  
But the light it always finds us  
If we move with a little trust  
We all have the choice to take the lead or follow  
I want to feel the light shine on me You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
But that's okay you'll soon get strong enough  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
You're going to break  
So please don't do it A diamond don't define what shine is  
I don't need a Rolex to know what the time is  
You got yours let me find what mine is  
I'm a survivor look how strong my mind is  
I stand on my own it's all me  
Regardless of whatever they call me  
I'm a leader not a follower

And I'd rather be paid and popular  
Ride homie get your dollars up  
We're in the belly of the beast that already swallowed us  
It's the end of the world and we know it  
all  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
But that's okay you'll soon get strong enough  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
You're going to break  
So please don't do it  
So afraid of what people might say (that's okay) [Repeat 4x]  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
But that's okay you'll soon get strong enough  
You're so afraid of what people might say  
But that's okay cause you're only human  
You're so afraid of what people might say  
You're going to break  
So please don't do it
