

# Staying Up

## The Neighbourhood

[Verse 1]

No food to eat  
All the money's been wasted from last week  
I can't even leave  
So I sit in the basement, making up rad beats  
Hot cup of tea  
It's four o'clock in the middle of the night and I can't sleep  
It's all on the peak  
So bad I can taste it while it eats me

[Hook]

How can I sleep if I don't have dreams?  
I just have nightmares  
How can it be?  
I still believe something is out there

[Verse 2]

Some part of me  
Feels a little bit naked and empty  
I'm stuck underneath  
A few dirty old blankets to comfort me

[Hook]

How can I sleep if I don't have dreams?  
I just have nightmares  
How can it be?  
I still believe something is out there  
How can I sleep if I don't have dreams?  
I just have nightmares  
How can it be?  
I still believe something is out there

[Bridge]

And there's a light  
And I can see why I'm still alive  
Mommy won't lie  
'Cause if she did, I would've died  
All the time I sit and try  
You think I'd be tired  
Every night, I'm sick and why?

Ohh, I'm staying up this time

[Hook]

How can I sleep if I don't have dreams?

I just have nightmares

How can it be?

I still believe something is out there

How can I sleep if I don't have dreams?

I just have nightmares

How can it be?

I still believe something is out there

(Something is out there)
