(Get buck motherfucker, get buck)
Sucks on dick, does it real good
(Get buck motherfucker, get buck)
Sucks on dick, does it real good
(Get buck motherfucker, get buck)
Sucks on dick, does it real good
(Get buck motherfucker, get buck)You got these million dollar niggas, ghetto stars, killas
Stabbin' on you bitches like a jacker pullin' triggas
Playas ridin' twenty's, checkin' tramps for money
Smellin' like da chronic, ballin', doin' 'bout a hundredI'm callin' up your wife, she wants to spin
the night
She say her man ain't doin' right and wanna suck my pipe
Rainbow Inn, 20 after 10
Me and my niggas chillin', waitin' on this bitchHeard a knock at the do', come on in ho
I know you wit that train shit, the bitch said for sho'
Pat was hittin' from the back like a can of mace
I was in the front, dick hangin' in her face
I made another call, my dawgs from the town
Smokey city niggas, Speed and Henry Watson Brown
I said, "I got a freak that wanna do you all"
She's cathin' niggas nuts while she's lickin' in your ballsShe's a ho, she's a ho, she's a ho, she's a
ho
She's a ho, she's a ho, she's a ho, she's a ho
She's a ho, she's a ho, she's a ho, she's a ho
She's a ho, she's a ho, she's a ho, she's a hoNow I'm on South Parkway, make a left on third, hit
that herb
Freaky wet ho, on that thunderbird, eyes red
While she givin' head, lookin' for a bed
So I can lay that body down, then I dick her downWhere I'm found, South Memphis
Found a home, decent home, pissy home
Where killas roam and the real niggas hold they own
I push it on, thump the roach out the window

These freaky hoes suckin' dick for some indo I been through 'round the way so I know the game
You find Kappa slap a bitch to keep my dick drained
A pimp man get the money fo' he get the pleasure
An ex-con, I'ma get the charm and the treasure A deadly measure what she take if she fuck wit
me
I prob, get booked without for rape 'cause she fuckin' me
I run a bitch's game just like a ho go
Ya'll got a sugar daddy so I got an old ho She's a ho, she's a ho, she's a ho, she's a ho
She's a ho, she's a ho, she's a ho, she's a ho
She's a ho, she's a ho, she's a ho, she's a ho
