

King Without a Crown

Matisyahu

You're all that I have and you're all that I need
Each and every day I pray to get to know you please
I want to be close to you, yes I'm so hungry
You're like water for my soul when it gets thirsty
Without you there's no me
You're the air that I breathe
Sometimes the world is dark and I just can't see
With these, demons surround all around to bring me down to negativity
But I believe, yes I believe, I said I believe
I'll stand on my own two feet
Won't be brought down on one knee
Fight with all of my might and get these demons to flee
Hashem's rays fire blaze burn bright and I believe
Out of darkness comes light, twilight unto the heights
Crown Heights burnin' up all through the twilight
Said, thank you to my G-d, now I finally got it right
And I'll fight with all of my heart, and all a' my soul, and all a' my might
What's this feeling?
My love will rip a hole in the ceiling
I Give myself to you from the essence of my being
Sing to my G-d, songs of love and healing
Want Moshiach now so it's time we start revealing
What's this feeling?
My love will rip a hole in the ceiling
I Give myself to you from the essence of my being
and I Sing to my G-d, songs of love and healing
Want Moshiach now
Strip away the layers and reveal your soul
Got to give yourself up and then you become whole
You're a slave to yourself and you don't even know
You want to live the fast life but your brain moves slow
If you're trying to stay high then you're bound to stay low
You want G-d but you can't deflate your ego
If you're already there then there's nowhere to go
If you're cup's already full then its bound to overflow
If you're drowning in the water's and you can't stay afloat
Ask Hashem for mercy and he'll throw you a rope
You're looking for help from G-d you say he couldn't be found
Searching up to the sky and looking beneath the ground
Like a King without his Crown
Yes, you keep fallin' down
You really want to live but can't get rid of your frown
Tried to reach unto the heights and wound bound down on the ground
Given up your pride and the you heard a sound
Out of night comes day and out of day comes light
Nullified to the One like sunlight in a ray

Makin' room for his love and a fire gone blaze
What's this feeling?
My love will rip a hole in the ceiling

Givin' myself to you from the essence of my being
Sing to my G-d, songs of love and healing

Want Moshiach now so it's time we start revealing
What's this feeling?

My love will rip a hole in the ceiling

Givin' myself to you from the essence of my being

Sing to my G-d, songs of love and healing

Want Moshiach now

Said I lift up mine eyes

where mine help come from

and I seen it circling on down

from the mountain.

Thunder, ya feel it in your chest.

Ya keep my mind at ease

and my soul at rest and not vexed.

I look to the sky

where mine help come from

seen it circling on down from the mountain.

Thunder, ya feel it in your chest

Ya keep my mind at ease

and my soul at rest and not vexed
