

# Say You'll Be There

MØ

Last time that we had this conversation I decided we should be friends  
But now we're going round in circles, tell me will this deja vu never end? Now you tell me that  
you've fallen in love

Well I never ever thought that would be

This time you gotta take it easy throwing far too much emotions at me  
But any fool can see they're falling, gotta make you understand I'm giving you everything

All that joy can bring, this I swear

And all that I want from you

Is a promise you will be there

Say you will be there

Say you will be there

Won't you sing it with me?

If you, put two and two together you will see what our friendship is for

If you can't work this equation then

I guess I'll have to show you the door There is no need to say you love me,

It would be better left unsaid I'm giving you everything

All that joy can bring, this I swear

And all that I want from you

Is a promise you will be there

Yeah, I want you Any fool can see they're falling, gotta make you understand

I'll give you everything on this I swear

Just promise you'll always be there

I'm giving you everything

All that joy can bring, this I swear (Yes I swear)

And all that I want from you

Is a promise you will be there Yes I swear
