

Like Me (feat. Jeremih)

Lil Durk

Let's get it

Yeaah

Noo(-Jeremih):

She don't know about real niggas, she don't know no boss
She don't know about foreign cars, she don't know what that cost

She don't know about love, she don't know what that is
She don't know about riding round and spending it like this
Fuck with a nigga like me, wanna fuck with a nigga like me
Now she wanna fuck

Fuck with a nigga like me, wanna fuck with a nigga like me
Hit the club with a nigga like me
Do drugs with a nigga like me

Fall in love with a nigga like me And never love another nig, never love another nigga like me
(mee, mee)

(1: Lil Durk & Jeremih):

Have you ever met a Chi town nigga?

Girl I heard you need a go-getter

You ain't never meet a rapper

With the swag of a savage and a dope dealer

I'm the realest nigga that you see

I know you tired of them other niggas

Heard he brought you a bag for a G

Why you fuckin' with them broke niggas?

Gingerale in a fifth of liquor

Where you going girl I'm going with ya

Ride with me cause I'm number one

Two bitches might come in the middle

Fly to Vegas, red eye

Legs in the air, call it jet life

Shawty give me top with the neck like

Shit gave me life, I can't get right, can't get right

Got you cruisin' water on a hundred

Got your tempo on a hundred, let it bubble up

Need a bad bitch, tryna be a bad girl

You know I'm tryna trouble up

Buy everything she wants two times, baby double up

Say she need more niggas out here like me

Cause there's not enough(-Jeremih):

She don't know about real niggas, she don't know no boss
She don't know about foreign cars, she don't know what that cost

She don't know about love, she don't know what that is
She don't know about riding round and spending it like this

Fuck with a nigga like me, wanna fuck with a nigga like me
Now she wanna fuck
Fuck with a nigga like me, wanna fuck with a nigga like me
Hit the club with a nigga like me Do drugs with a nigga like me
Fall in love with a nigga like me
And never love another nig, never love another nigga like me (mee, mee)(2: Lil Durk):
You ain't never been in my town nigga
A good place to go but the murder rate's so ridiculous
Fell in love with some R&B bitch and I know that it's good for the fame and the image
Shawty gave me head like a penny
But she should coco
Ain't really been in love in a minute
It won't hurt if none know about me
[?], no make up you look better with your mask off
Rich nigga wanna buzz, like to brag y'all
But a nigga like me, ain't no nigga like me
I'm a Boss, Hugo
Rich nigga since birth, you know
You my bitch don't get mad, Cujo
Nigga like me
I'm that nigga, nigga
Gettin' money since a little nigga
Shawty thinks she the shit, but she could be a little thicker
Fuck on my name and a little liquor I got 'em pissed, I'm the shit nigga
So why do they hate? I gotta get cake
These niggas so fake, so stay out my way
Ain't too many niggas like me(-Jeremih):
She don't know about real niggas, she don't know no boss
She don't know about foreign cars, she don't know what that cost
She don't know about love, she don't know what that is
She don't know about riding round and spending it like this
Fuck with a nigga like me, wanna fuck with a nigga like me
Now she wanna fuck
Fuck with a nigga like me, wanna fuck with a nigga like me
Hit the club with a nigga like me
Do drugs with a nigga like me
Fall in love with a nigga like me
And never love another nig, never love another nigga like me
