

Oooyeh

Dancing out like ooo yeah
Got that ice like ooo yeah
Diamonds drippin ooo yeah
I kno u feel dis here
Keep dat sauce up in our hands
Got the sauce up in are hands
Try to take it from our hands
U'll have to pry it from our hands
Dancing out like ooo yeah
Got that ice like ooo yeah
Diamonds drippin ooo yeah
I kno u feel dis here
Keep dat sauce up in our hands
Got the sauce up in are hands
Try to take it from our hands
U'll have to pry it from our hands

Look at my wrist ull see cold AYE
Look in my eyes ull see gold aye
Nba balla in broad day
Covered my skin wit tha snow aye
Dream off goin in to deep
Don't get confused wit tha movies

Get u shipped right outta ya zone
Don't get me confused wit none of my clones

Get his ass burred in a tomb
Break em off just like a gram man
Stone cold stunner to a dead man

I guess he knows its a dead plan
Everybody knows im up next
Everybody tryna go chase a check
Everybody tryna go claim a set
Its just wize records on me blessed
Got rob allen wit me blessed
The team eating so we blessed
Praising GOD, know we blessed
We blessed

Dancing out like ooo yeah
Got that ice like ooo yeah
Diamonds drippin ooo yeah
I kno u feel dis here
Keep dat sauce up in our hands
Got the sauce up in are hands
Try to take it from our hands
U'll have to pry it from our hands
Dancing out like ooo yeah
Got that ice like ooo yeah
Diamonds drippin ooo yeah
I kno u feel dis here
Keep dat sauce up in our hands
Got the sauce up in are hands
Try to take it from our hands
U'll have to pry it from our hands

Ooo yeah, yall niggas be reaching
Facebook niggas be preaching (sheesh)
Just need to police em
Cut em off like da weekend
Let em sink in da sand
Man u kno i'm the main man
Don't try and get maimed man
Play games i'm challenged
Dilly diddly wit a chalice
Scope on em, embarrassed
Lock em down like nav is
Oh now hes in his feelings
No xxl for a villain
Got u thinking u be killing
But really u an't winning
Drop on em like a new crate
Ww2 on a new date
Sniper loaded now choose fate
Vinnie stays wit tha oooo game
A+ on the ooo range

Got you really in yo ooo's mayne
If u ever met the ooze man
Number 1 with ooze plans
Drip drip i been dripped
Skatein on em no kick flip
Ric flare wit da drip drip
Dats hbk with a quick kick
Sweet music to ur weak chin
Knock em down hes weak man
Got no time for a waste man
And waste no time on fakeness

Dancing out like ooo yeah
Got that ice like ooo yeah
Diamonds drippin ooo yeah
I kno u feel dis here
Keep dat sauce up in our hands
Got the sauce up in are hands
Try to take it from our hands
U'll have to pry it from our hands
Dancing out like ooo yeah
Got that ice like ooo yeah
Diamonds drippin ooo yeah
I kno u feel dis here
Keep dat sauce up in our hands
Got the sauce up in are hands
Try to take it from our hands
U'll have to pry it from our hands
