

Entity

Alien Vampires

Thousands creatures behind me
They follow me every day
Right behind me
Fucking around
No way to escape
No place to hide
Everywhere
Anytime
Everyone
Anyhow
No escape
No place to hide
This is how I feel all around
This is the day I will deny
All my beliefs
All my whole life

You are my entity behind me
You are the creature that is hiding
You are my (dark) side
My damnation
You are the entity inside me
All the universe behind me

It's a fall
This is my empire
