

Marty McFly Williams

Chousand

Hop on a skateboard and I'll ride it to the cinema
Hop on a skateboard and I'll probably catch you later dawg

I get old and still bag forties, lost control, you can't ignore me

Hop on surfboard yeah it's my little cousins
I can't surf, why the fuck you buggin aye, I'm always doing nothing

I get old and still bag forties, lost control, you can't ignore me x2

Hang if you wanna flex but your sketchy
When the tide is high, get pitted so heavy
Watch me paddle out, past the break too far
Damn I fucked up and got eaten by a shark x2

I can't surf x4
