As everyone stares down at their tech
It's hard not to notice
The neon cord dangling from my neck
But somehow this less than subtle clue
Appears to have no effect on you

I'd rather not hear you
If I'm being honest
Don't want to talk right now
Can't you see I've got my headphones on?

I'm not antisocial
But usually I'd rather be alone
So if you're looking for conversation
Then maybe it's time to buy a phone
So what if the music isn't on?
I'm sending a signal
Move along

Like I said before I...
