[Intro]

It has been established throughout this whole Western hemisphere
By I and I the Rastaman, that he is the fullness of this creation
Architect and builder, lifegiver, keeper of all mankind
Every nation, kindred, and town
Must call upon him, Jah Rastafar

This is outernational

Act, but not to reflect on the act
Victory and and victorious are the same
Seek detachment, fight without desire

Got too many white boys
Got too many white boys

Jah Rastafar

DJ wonder, the original sound, by the talk of the town
Some boy come like it don't have him own like a dog without bone
You get the original Dennis Al Capone who come like a ting from a town, send cross
DJ a wonder the original sound by the talk of the town
Some boy come like it don't have him own like a dog without bone
You get the original Dennis Al Capone who come like a ting from a town, send cross

I've been indicted as a freak of all trades
I got it made
