

# Overlord

## Black Label Society

The undying embrace of chaos and war  
As the oppressed lie writhing down on the floor  
This Babylon of fear that you shall know  
To rule and suppress, destroy and overthrow

Kings of this world  
The servants shall serve, slaves never free  
Kings of this world - All that's to be  
All that you hear, and all that you see, yeah

I am your overlord - Everything above & below  
I am your overlord - The exodus of your will  
And all that you'll ever know

This brotherhood of snakes shall rule & control  
The corruption of man his fate and his soul

Kings of this world  
The servants shall serve, slaves never free  
Kings of this world - All that's to be  
All that you hear, and all that you see, yeah

I am your overlord - Everything above & below  
I am your overlord - The exodus of your will  
And all that you'll ever know

This flame of black which burns so bright  
For the slaves shall never see  
The apocalyptic end of the past  
The new world shall forever be....  
The great conspiracy - The betrayal of God  
The fires of revolution aimed at Heaven above

Kings of this world  
The servants shall serve, slaves never free  
Kings of this world - All that's to be  
All that you hear, and all that you see, yeah

I am your overlord - Everything above & below  
I am your overlord - The exodus of your will

And all that you'll ever know

I am your overlord - Everything above & below

I am your overlord - The exodus of your will

And all that you'll ever know
