Do this shit for my people (my people)[Verse 2: Young Thug]

Maybach helping me rest
Cop a condo and dress it up
But the penthouse was stressed
Bad bitch on my chest
I upgraded, got some Piguet's
I only wear watches to flex
I cop a big body, all flex
But I still remember the J's
I ran this shit up and I blessed 'em
Audemar, Rollie, Patek
Need a [?]
I fuck with you 'til you extinct
Eighty racks on my jean like they mink
Yeah, I fell in love with the pink
I just got a plain jane, Cuban link
I'ma put just enough diamonds to turn it to a sink
Yeah, we was eating at Nobu
Came a long way from Kroger
Money tall for a hot boy
Cop a big body Rover
We gon' snipe us some bad bitches
And we gon' mold 'em
Skeleton AP two tone, yeah[Chorus: Gunna]
I'm getting big like King Kong
I got brown and pink toes
They don't wanna leave me 'lone
Yeah, my t-shirt by Vlone
I'ma stick to the G-code
I see you through the peephole
Do this shit for my people
