

Cocoon

Milky Chance

[Intro]

Eh-ah, eh-ah, eh-ah, eh-oh

Eh-ah, eh-ah, oh

Eh-ah, eh-ah, eh-ah, eh-oh

Eh-ah, eh-ah, oh

[Verse 1]

I know that you must feel like facing

With ruin, facing with ruin

I messed it up as always, I'm afraid of losing, I'm afraid of losing

I made you thinking oh so wrong

I made you feeling the worst

And I don't how to get along

With myself when I'm weakened

When I'm weakened

[Chorus]

So let's go back to our cocoon

On the blackened afternoon

I see your heart is bleeding too

Let me bleed instead of you

So let's go back to our cocoon

On the blackened afternoon

I see your heart is bleeding too

Let me bleed instead of you

Let me bleed, let me bleed

Eh-ah, eh-ah

Let me bleed, let me bleed

Eh-ah, eh-ah

Instead of you

[Verse 2]

I've been always playing

Solid as I'm waving, solid as I'm waving

So I became a liar, I've been underrating

Overestimated

I made it really hard for you

Hard for you to love me

But there's so many things we could do

And all we need is escaping, escaping

[Chorus]

So let's go back to our cocoon
On the blackened afternoon
I see your heart is bleeding too
Let me bleed instead of you
So let's go back to our cocoon
On the blackened afternoon
I see your heart is bleeding too
Let me bleed instead of you
Let me bleed, let me bleed
Eh-ah, eh-ah
Let me bleed, let me bleed
Eh-ah, eh-ah
Instead of you

[Refrain]

Eh-ah, eh-ah, oh
Eh-ah, eh-ah

[Chorus]

So let's go back to our cocoon
On the blackened afternoon
I see your heart is bleeding too
Let me bleed instead of you
So let's go back to our cocoon
On the blackened afternoon
I see your heart is bleeding too
Let me bleed instead of you
Let me bleed, let me bleed
Let me bleed, let me bleed
Let me bleed, now I will bleed
Instead of you
