

Ain't Nothing

Byron Juane

[Verse 1]

It ain't nothing
Not important
I keep my business on the low and keep on moving
They hit my line up
They want the time yeah
But I ain't got no time to give I'm way behind yeah
I'm still jumping like Jordan
Feeling so deep like the ocean
I'm gonna drink from the potion
Gotta keep cool for the coast here
Hit that lean inside
What that feel like?
No idea right no idea no idea right

[Pre-hook]

Don't you say I don't come through for my word
Put that on my mommas momma that's my word
Check my interior
I been out here getting it
Yeah it's that serious
Peep my exterior
Yeah and it's only one thing that I know
That I know
It's that I will be straight till I'm gone
Till I'm gone

[Hook]

Because I know, yeah I know
What's the next plan
Got the most
Tell me what that life is like
Tell me what that life is like
It ain't nothing
Tell me how you do it right
It ain't nothing
Got me feeling like oh-oh
Say oh-oh
Cause I know
Yeah I know

What's the next plan
Got the most

[Verse 2]

Someone said that I regret and that's my worst
Just living for all the dreams I had to work
Them days when I had no plate
Them shows when no one knew my name
That goes for me and the game now
I am up in lights and so I resurrection I can not die
It's for anyone with a dream
Anything can be real if it's worth loosing all your sleep yeah

[Pre-hook]

Don't you say I don't come through for my word
Put that on my mommas momma that's my word
Check my interior
I been out here getting it
Yeah it's that serious
Peep my exterior
Yeah and it's only one thing that I know
That I know
It's that I will be straight till I'm gone
Till I'm gone

[Hook]

Because I know, yeah I know
What's the next plan
Got the most
Tell me what that life is like
Tell me what that life is like
It ain't nothing
Tell me how you do it right
It ain't nothing
Got me feeling like oh-oh
Say oh-oh
Cause I know
Yeah I know
What's the next plan
Got the most
