

# Contagious

## The Ruse

The hardest part of giving up  
Is not knowing when you're done  
I used to think I was tough enough  
To last forever, to call your bluff

So how do you know when you're done  
When the battle at hand just can't be won

This hurt is contagious  
And only time will save us  
Never alone  
I can't give you all away  
Never alone  
What will it take to make you stay  
Stay, stay

It's the damaged start I have to stop  
All the time it took to find out who we are  
My guilt assured for my part  
I bear forever I can't hide this scar

So how do you know when it's done  
When the battle at hand just can't be won

This hurt is contagious  
And only time will save us  
Never alone  
I can't give you all away  
Never alone  
What will it take to make you stay  
Stay, stay

You took the time to write me off  
You held me close you made me soft  
Now I am falling apart  
I blurred the line and you took it all  
A dying sign, there's nothing left at all

This hurt is contagious

This hurt is contagious

This hurt is contagious  
(and I can't give you all away)  
And only time will save us  
(and I can't give you all away)  
Never alone  
I can't give you all away  
Never alone  
What will it take to make you stay
