The Failure Epiphany
Your Nightmare
Burning hell burning rage
Unholy fear can't be erased
Shaking, tremors. hold me down
Lips sewn shut - trapped and bound
Shaking...shaking..shaking..
Guide me down beneath the flames
Make me feel the guilt and shame
Pull against your steel resolve
Slowly shatter and dissolve
Burning hell burning rage
Unholy fear can't be erased
Shaking, tremors. hold me down
Lips sewn shut - trapped and bound
My veins they flow with blood of ice
No mercy spared, no compromise
Malice, hatred, soft licks of lies
All that hides behind your eyes
Burning hell burning rage
Unholy fear can't be erased
Shaking, tremors. hold me down
Lips sewn shut - trapped and bound
Draw your blade across my skin
Never thought you'd be so cruel
Another dream lies forgotten
In this spreading pool
