

Fire It Up

Black Label Society

[Intro: Zakk Wylde]

Fire it up, let the engines roll
It's time to burn it down
Keep bleeding on 'till the day you die
Forever love it loud, yeah

[Verse 1]

Hellfire, doom
Watch the hatred spin
Beyond the speed of sound
Fire it up, let the engines roll
It's time to burn it down, yeah

[Refrain]

Keep moving on, keep moving on
Keep moving on
Keep moving on, keep moving on

[Outro]

Face your fear
Accept your war
It is what it is
Face your fear
Accept your war, oh yeah
