

Fly (feat. Alina Renae)

Protohype

[Verse]

You see, you're never gonna defeat me

Cause baby, I'm back to me now

And I can finally fly

[Pre-Chorus]

Just when I thought you can free me

You were just trying to defeat me

[Hook]

But now that you're gone, I can fly

Now that you're gone (fly)

[Verse]

[Pre-Chorus]

[Hook]
