

Something I Never Had

Lindsay Lohan

[Verse 1]

Do you see me?
Do you feel me like I feel you?
Call your number
I cannot get through
You don't hear me
And I don't understand
When I reach out
Well, I don't find your hand
Where they wasted words?
And did they mean a thing
And all that precious time
But I still feel so in between

[Chorus]

Someday, I just keep pretending
That you'll stay
Dreaming of a different ending
I wanna hold on
But it hurts so bad
And I can't keep something that I never had

[Verse 2]

Well, I keep tellin' myself
Things can turn around with time
And if I wait it out
You could always change your mind
Like a fairytale
Where it works out in the end
Can I close my eyes?
Have you lying here again
And Then I come back down
And Then I fade back in
And Then I realize
It's just what might have been

[Chorus]

Someday, I just keep pretending
That you'll stay
Dreaming of a different ending

I wanna hold on
But it hurts so bad
And I can't keep something that I never had

[Bridge]

Am I a shadow on your wall?
Am I anything at all?
Anything to you?
Am I a secret that you keep?
Do you dream me while your sleeping
After all?

[Chorus]

Someday, I just keep pretending
That you'll stay
Dreaming of a different ending
I wanna hold on
But it hurts so bad
And I can't keep something that I never had
That I never had
I wanna hold on, but it hurts so bad
And I can't keep something that I never had

[Outro]

You don't see me
You don't feel me like I feel you
