

# Break It Up

Patti Smith

Car stopped in a clearing  
Ribbon of life, it was nearing  
I saw the boy break out of his skin  
My heart turned over and I crawled in  
He cried, "Break it up, oh I don't understand  
Break it up, I can't comprehend  
Break it up, oh, I want to feel you  
Break it up, don't talk to me that way  
I'm not listening"

Snow started falling  
I could hear the angel calling  
We rolled on the ground, he stretched out his wings  
The boy flew away and he started to sing  
He sang, "Break it up, oh, I don't understand  
Break it up, I can't comprehend  
Break it up, oh, I want to feel you  
Break it up, don't look at me"

The sky was raging, the boy disappeared  
I fell on my knees  
Atmosphere broke up, the boy reappeared  
I cried, "Take me please!"

Ice, it was shining  
I could feel my heart, it was melting  
I tore off my clothes, I danced on my shoes  
I ripped my skin open and then I broke through  
I cried, "Break it up, oh, now I understand  
Break it up, and I want to go  
Break it up, oh please take me with you  
Break it up, I can feel it breaking  
I can feel it breaking, I can feel it breaking  
I can feel, I can feel, I can feel, I can feel."

So break it up, oh now I'm coming with you  
Break it up, now I'm gonna go  
Break it up, oh, feel me, I'm coming  
Break it up, break it up, break it up  
Break it up, break it up, break it up

Oh, break it up, break it up, break it up  
Break it up, break it up, break it on up  
Break it up, break it on up, up, up  
Break it, break it, break it, break it  
Break it on up, break it up  
Break it up, break it up, break it up
