

Rock N Roll

Welles

Rock and roll doesn't eat
And rock and roll doesn't sleep
And rock and roll does drugs, rock and roll just shrugs
And says leave me be

And rock and roll is a sin
And rock and roll is a grin
And rock and roll blows fags, disappoints moms and dads
It's rock and roll for me

[Chorus]
So give me all the drugs
Cover me in blood
It's all I need
Rock and roll

Rock and roll is a gas
And rock and roll slithers past
And rock and roll knows your heart, it will tear you apart
Rock and roll is a blast

And rock and roll isn't straight
And rock and roll doesn't wait
And rock and roll only consents it's gonna get us again
Rock and roll penetrates

[Chorus]
So give me all the drugs
Cover me in blood
It's all I need
Rock and roll

So give me all the drugs
Cover me in blood
Give me all the drugs
Cover me in blood
It's what I need

Rock and roll
