

Only for You

Eric Roberson

Girl I apologize for everything I've said and done
I know them lonely nights up in the crib they wasn't fun
If only I could just turn back the hands of time
I would do it just to make you mine (just for you)
I would treat every precious kiss like it was the last (for you)
Hold your body so tender like it was made of glass (for you)
Drop a million dollars down into a wishing well
Only for you baby only for you
I'm not a perfect man I've said that many times
You take away your love you take away the rhyme
Then I'm just left with nothing at all
I might have money ball but if you ain't here to call my baby
Then I'm just left with nothing oh girl I've made mistakes
But see I learned my lesson sometimes that's what it takes
For people to see that something is good
I didn't do all I could but not that's so understood
Girl I apologize for everything I've said and done
I know them lonely nights up in the crib they wasn't fun
If only I could just turn back the hands of time
I would do it just to make you mine (just for you)
I would treat every precious kiss like it was the last (for you)
Hold your body so tender like it was made of glass (for you)
Drop a million dollars down into a wishing well
Only for you baby only for you
Each second that I'm with you it feels just like a dream
Each second that you're gone then the minutes be so mean
I mean you like my all and all my girl my queen my world
The finest thing in the mall my baby
You wanna go well hop in them stores don't close til ten
Forget the window shoppin this time we goin in
And then you just pointin and sad I ain't concerned with no tax put my receipt in the bag (baby)
Girl I apologize for everything I've said and done
I know them lonely nights up in the crib they wasn't fun
If only I could just turn back the hands of time
I would do it just to make you mine (just for you)
I would treat every precious kiss like it was the last (for you)
Hold your body so tender like it was made of glass (for you)
Drop a million dollars down into a wishing well
Only for you baby only for you (for you)
So can we start again baby

Promise that I'll be alot better this time
Don't leave me standing here baby it's really cold outside
And I'm crying outside just let me in girl just wanna provide so much more
Baby girl I just wanna give you more
Girl I apologize for everything I've said and done (done)
I know them lonely nights up in the crib they wasn't fun (wasn't fun)
If only I could just turn back the hands of time (hands of time)
I would do it just to make you mine (baby just for you)
I would treat every precious kiss like it was the last (for you)
Hold your body so tender like it was made of glass (for you)
Drop a million dollars down into a wishing well
