

# Prisons

## Trashcan Sinatras

Decisions  
Grow into visions  
End up in prisons  
Little decisions

Gotta find me a preacher man  
I gotta make decisions

Maybe he'll show me  
A vision of the day he was risen  
And I'll rise right out of this prison

Maybe he'll decide  
Let the devil ride

It's this decision  
On the way I'm living  
I know I've been sinning

So bring on  
A vision of the day he was risen  
Can I rise right out of this prison?

Consider me delinquently  
Well in better times  
With less on my mind

A vision of the day he was risen  
Can I tell myself I'm forgiven?  
Then I'll rise right out of this prison

Decisions  
Grow into visions  
End up in prisons  
Little decisions
