

# Eternal Recurrence

## ONI

[Verse 1]

Faces carved in stone  
A likeness to who we are and what we know  
Hidden truth in foreign lines  
The darkest realms internalize

[Chorus]

Woah, woah, I'm lost  
I leave it all to die  
I'm crossing the boarder to a new time  
Where will you go from here when I'm gone?  
Woah, woah, I'm lost  
I leave it all to die  
I'm crossing the boarder to a new time  
Where will you go from here when I'm gone?

[Verse 2]

We live our lives  
In every moment expecting  
Infinite regression in repeat  
Never yield to remorse  
These words will set me free  
Search the earth, distant lands  
Rebuild this world with your hands  
Exhale as if it's your last  
Guide your life you're living too damn fast  
A future canvas meant to last  
Use your gaze to set your path  
Batter your hands against the cold hard stone  
Cut out a vision, a vision of your own

[Guitar Solo]

[Verse 3]

Will you live this life as you have lived  
You will have to endure infinite times more  
Every pain every joy will return to you  
Eternal hourglass of existence  
We turn it upside down, repeat the sounds  
Throw yourself down and curse the demon who spoke

He said "you are a god"  
These words have set me free  
Set me free

[Chorus]  
Woah, woah, I'm lost  
I leave it all to die  
I'm crossing the boarder to a new time  
Where will you go from here when I'm gone?  
Woah, woah, I'm lost  
I leave it all to die  
I'm crossing the boarder to a new time  
Where will you go from here when I'm gone?
