S.O.A.

BANZAI!

Here they come, clubowners beware
They're not welcome, but they don't care
They're gonna rip this place apart
Thrash to the finish, thrash from the start

[Chorus:]

Don't be a fool, No choice for you
They're gonna do what they wanna do

They wear chains and they wear leather
They wear boots in any weather
Never dress up for a show
Look this way when they're at home

[Chorus]

They own the floor when their bands play
Bouncers get bounced when they're in the way
If you wanna fight you better think again
If you fight one then you'll fight 10
