

Lunatic

Vinnie Vento

I'm a lunatic in music
I'm abusive don't confuse it
Outta elements super sayin
When I'm getting fused
Aiming for the top spot
I ant gonna loose
Bout to hang a mumble rapper straight up
Wit a noose

Bout to wild out and end up on the news
For stabbing thees actors for lacking
Intelligent i need a hammer and screws
We are so screwed I'm off the loose

I'm a lunatic in music
I'm abusive don't confuse it
Outta elements super sayin
When I'm getting fused
Aiming for the top spot
I ant gonna loose
Bout to hang a mumble rapper straight up
Wit a noose

Bout to wild out and end up on the news
For stabbing these actors for lacking
Intelligent i need a hammer and screws
We are so screwed I'm off the loose

Going Jason Voorhees wit the machete
Cutting any body cause i gotta stay ready
I don't do snakes and i don't play heavy
Tryna read my cards u gone need prayers baby
Ice in mah veins and hate in my belly
Infrared scope with the beam glaring heavy
If ya need a soap better clean up ya belly
And i don't like piercings so don't call the celly
Outta my element chop a body to elements
Hide all of the evidence change up my own residents
Kidnapping the president with strength of an elephant
Gonna stomp ya for the hell of it the til ur a skeleton
I know your are delicate but I'm staying in elegance
And u can kiss my ass if ur a feminine-st peasant man
I am a pest with this trained like a leftist is

And u can be fatty wapd if u gone step to this
Who
How can i loose, body's I'm charged for digging a grave
But the victim is you, I'm staying true no need
To hide i see your afraid it sucks to be you
I am the glue, i am a wolf i am the shadows
Lurking for you no longer seeking the flames
I am insane, searching for property like
It's monopoly nothing is stopping me I'm on a higher key
Up in this hierarchy u can not fight with me
Spar with me u gone be sleep in the i/c/e
I/c/u/ iv deep, blood swiftly does cover me
I'm only me, no longer overdosing on the older me

I'm a lunatic in music
I'm abusive don't confuse it

The serpent while i do the running man, stunner man neva
Bluffing man i am hungry man charging threw the light source
In my body like im iron man, fueled by iron mayne
I got an iron fist for ya glass chins even if its crimson red
I am a hero like the crimson chin holding a thousand wins
Yeahh

Catching my breathe to relax giv me a rag whoo
Sweat threw the brow im starting to brag
This is my craft whooo
Showing my skills now giv me the bag
Or it can be over, I'm chargin mah smack
Powder on da hand like its witchcraft
Straights facts
