

Ankle Bully

Dribble2much

[Verse 1]

Why you think they call me Ankle Bully?
Thats 'cause I'm breaking ya ankle boy
Break 'em, put 'em all on the floor
My jumper wet as a sprinkler
Nobody's guarding me on this earth
You know it's money like bank alerts
I'm getting hot, feel the temperature?
I know ya girl want my signature
I know she want it, I'm on call
I'm always open like Walmart
Remember when they used to sleep on me
Now they not missing alarm clocks
I got 'em all scared to guard me
Look how they holding their arm far
I gotta show 'em the range
They thought I was driving a foreign car
Do they got insurance for ankles?
'Cause you gon' be using your OnStar
I'm always breaking their ankles
That's why I'm usually an All-Star
You never catching me off guard
Why you think I made the sauce song?
I'm already cooking 'em
Soon as I look at 'em I go to puttin' the sauce on

[Chorus]

You better take 'em, lace 'em
I like to shake 'em and break 'em
Straight to the hole I'ma take 'em
Already know I'ma make it
Because I'm a Ankle Bully
You need ya ankle braces
Run from the Ankle Bully
'Cause I'm out here ankle breakin
You know I'm the Ankle Bully
So don't get ya ankles taken

[Verse 2]

Don't even step on the court

'Less you got some ankle support
If you want the number, its 1-800-Nobody-Is-Stopping-That-Boy
I got the game on a string
Feel like it's glued to my hand
If you think you taking the ball?
That mean I'm losing my hand
I'm cooking them ankles for breakfast
Look how I'm making 'em scramble
Just like the pots and the pans
You know I came with a handle
I know you wish you could stop me
Nobody's blowing that candle
Watch how I rock 'em to sleep
You better bring ya pajamas
Look how they slippin and fallin
I got â€˜em going bananas
I got an Ankle Bully graveyard
Give me your ankles to bury â€˜em
This is an ankle murder, under investigation
Dont got to guess who did it
The Ankle Bully was playing

[Chorus]

You better take 'em, lace 'em
I like to shake 'em and break 'em
Straight to the hole I'ma take 'em
Already know I'ma make it
Because I'm a Ankle Bully
You need ya ankle braces
Run from the Ankle Bully
'Cause I'm out here ankle breakin
You know I'm the Ankle Bully
So don't get ya ankles taken (Yeah)
