## Lindi Ortega

Little red boots and a little black dress  
For every occasion, I'm wearin' my best  
When theâ€¦curtainsâ€¦close, and theâ€¦lights go down  
I'll still be singin'â€¦when no one's around

I'll be singin' a song straight from the soul  
Songs about loving, and just letting go  
Songs about laughin'  
Songs about cryin'  
Songs about livin'  
Songs about dyin'

Just so ya know, I mean what I say  
But I'm no poet, not one of the greats  
I am not perfect, well nobody is  
Nor are the notes that escape from my lips

So I'm singin' a song straight from the soul  
Songs about loving, and just letting go  
Songs about laughin'  
Songs about cryin'  
Songs about fallin'  
Songs about flyin'

I'll sing a song straight from the soul  
Songs about lovin', and just letting go  
Songs about fallin'  
Songs about flyin'  
Songs about livin'  
Songs about dyin'  
Songs about failin'  
Songs about tryin'  
Songs about lovin' straight from the soul  
'Cause that's all I know
