

Hate 2 Love Her

Blake Lewis

She loves the finer things
Gold and diamond rings
Give her the moon but wouldn't be enough
She wants the perfect man
Has a perfect plan
And nothing I do could ever live up to But I'm falling
Alright
And she's falling
Alright
We're heading for perfect disaster
And I'm falling
All night
And she's falling
Tonight
But wait till the morning
I know that I hate her
Even though I love her
She's making my heart hurt
I can't describe, describe...
How I hate her
Everytime I'm with her
All I do is want her
Why do I even try I give her all I've got to give
But she makes it so hard to live
And I do everything I can
But she wants, she wants, she wants
She wants a perfect man oh-oh-oh, oh-oh-oh, oh-oh-oh, oh, oh
My love's the simple kind
But it's hard to find
With anyone else
They would get in line
But she's all that I can see
Something's wrong with me
Cause all that she wants
I could never be But I'm falling
Alright
And she's falling
Alright
We're heading for perfect disaster
And I'm falling
All night
And she's falling

Tonight
But wait till the morning I know that I hate her
Even though I love her
She's making my heart hurt
I can't describe, describe
How I hate her
Every time I'm with her
All I do is want her
Why do I even try I give her all I've got to give
But she makes it so hard to live
And I'd do everything I can
But she wants, she wants, she wants,
She wants a perfect man Everything about her
Every time around her
She's in control
Like it don't matter
Just another body swinging for show
I'm underrated, rehabilitated, ready to go
But can't she understand that I know, I know But I'm falling
Alright
And she's falling
Alright
We're heading for perfect disaster
And I'm falling
All night
And she's falling
Tonight
But wait till the morning I know that I hate her
Even though I love her
She's making my heart hurt
I can't describe, describe
How I hate her
Every time I'm with her
All I do is want her
Why do I even try I give her all I've got to give
But she makes it so hard to live
And I'd do everything I can
But she wants, she wants, she wants,
She wants a perfect man oh-oh-oh, oh-oh-oh, oh-oh-oh, oh, oh, yeah
