

# Lest We Forget

Lee Kernaghan & Ben Roberts-Smith

On Flanders Field were battles rain  
Our sons have gone  
The young and brave And best of mates  
Their side by side  
Together faught together died  
We'll not foget the promise made  
You'll live forever eternal flame  
And so we all remember them  
Lest we forget  
Les we forget  
It's silent now the guns have seized  
The crosses mark brave souls at piece  
The bugle plays a sad reframe  
We rise as one on this proud day  
We'll not forget the promise made  
You'll live forever eternal flame  
And so we all remember them  
Lest we forget  
Lest we forget  
(The ode of rememberence)  
And so all remember them  
Lest we forget  
Lest we forget  
We'll not forget the promise made  
You'll live forever eternal flame  
And so we all remember them  
Lest we forget  
Lest forget  
Lest we forget  
Lest we forget
