90 Bpm

Sean Leon

[Hook: Sean Leon]
I think I fell again
I think I fell again
I think I fell again

[Bridge: Sean Leon]
I should have been better
I should have been better
I should have been better
I should have been better
I could have been better
I would have been better
I should have been better
I should have been better
I should have been better
I should have been better (Yeah!)

[Verse: Sean Leon, Adria Kain]
Said I would have done better if I knew what I'd lose
I should have done better if I could have done better
And I would have done better if I knew what I'd lose
I think I'm in love, love, love, love
I should have done better, I should have done better (Damn!)
I think I'm in love, love, love, love
If I could have done better, I would have done better (Damn!)

[Hook: Sean Leon]
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again
I think I fell again

[Outro: Adria Kain]
I think I'm in love, in love, in love, in love
I think I'm in love, in love, in love, in love
